Directions for Keeping This Livestock Record

Message to Parent or Guardian

A livestock animal is a family project. Your encouragement and help in completing this record will allow youth to receive the most benefit from the project and their income from the sale.

Project Animal Description

In order to tell one project animal from another, each animal should be identified with a tattoo, ear tag, ear notch, or brand.

End of Project

The project ends the day the animal is sold or dies.

Project Plan

The animals for livestock show:

Number	Kind	Where will you get them?
_____	_____	_____
_____	_____	_____
_____	_____	_____

What thing do you want to learn or do?   **Date(s) When I Learned/Did**

Ex. I will learn proper nutrition for my lamb   *February - April*

Expenses

Keeping good **feed records** is important. Good records show what kind of feed you used for your project and how much it cost. You can enter feed expenses when you buy feed. Home-raised feeds should be valued at market price – what it can be sold for. At the end of your project, total how much feed you used and how much it cost. Even if feed is donated by family or business you will still need to write the fair market value.

Date	Type/Name of Feed	Amount	Cost
	TOTAL		$

Include in this section **all expenses for your project except for cost of your feed**. Include such expenses as your animal, medicine, veterinary fees, trucking, equipment, fees, insurance, and any others. If someone paid for any portion of your project, you will still need to write down the value.

Date	Item	What Animal Used For	Cost
Example: *Dec. 10, ' 02*	*Hauling*	*Steers tag 37 and 49*	*$15.00*
	TOTAL OTHER EXPENSES		$

Total Feed Expenses _____ + Total Other Expenses _____ = _____ Total Expenses

Health Records

Fill in the chart for your animal(s). This record should include any vaccinations or treatments your animal received.

Date	Animal ID	Estimated Weight	Condition being Treated	Product Name	Amount Given	Route	Withdrawal time	Date Withdrawal complete

Livestock Story:

Please write a story telling about yourself and your livestock project. Be sure to give details about what you would like to accomplish with your livestock project. (minimum 1 page)

My Personal Touch:
A Scrapbook

This section is designed to support your livestock project work. You may want to include items that will tell your livestock story through pictures, news clippings, drawings, crafts, collages, poems, story or any other creative way to show what you have collected or done with livestock this project. Attach from one up to six additional sheets that add your "Personal Touch." Each side counts as one page.
